Prayer Requests

- **Jimmy Hand** has had Home Hospice Care since Monday October 22. Jimmy's prognosis is very poor. He only has a few weeks left and is getting weaker. He would love for friends and family to visit, so he can tell you how much you mean to him. They would appreciate you making the visits short :) They would appreciate you calling before visiting. Please continue to pray for the whole family.
- **Carol Spicer** is continuing to recover at home. She would like visitors, but would appreciate you calling before visiting.
- **Judy Clift** had an MRI of the spine on October 25. She is also having high blood pressure issues.
- **Margarette Mangrum** is now recovering at home.
- **Apryl Johnson** will start physical therapy next week to start transitioning back to walking without crutches.
- **Erica Baggett** (Daughter of Andrea Lampley's friend Janet) is 26 years old with a 1 year old son. Her vehicle was hit by an 18 wheeler a week ago. She is in ICU in Memphis (her family is in Franklin/Dickson). She had bleeding on the brain and one of her carotid arteries in her neck was damaged. She has had several surgeries. As of yesterday they diagnosed her with Diffused Axonal Injury (a form of brain injury). The prognosis with this injury is poor. She is starting to respond with small movements. Erica and her family are our brothers and sisters in Christ, They have asked for our prayers on her behalf.
